

My name is Jenny Watson and my husband and I are stationed at Fort Hood Army Base in Killeen, TX. We both, along with many of our friends, are avid listeners of K-love radio station. I believe that K-love is essential to the public interest. When we moved here, we had not yet found a home church and K-love was the light for us in what could have been a dark place. It is so important to offer a station that is for family listening, that can play 24/7 without the worry of profanity or unwanted talk-shows and lyrics. There are plenty of hip-hop and country stations around to please the crowds, please leave the Christian station of K-love alone, it serves a much higher purpose!
